

GOD CREATES THE WORLD

In the beginning, God made HEAVEN and the earth. At first the earth was empty, dark and full of water. God was there. God said, "Let there be light," and there was light. God divided the light from the darkness. God called the light "DAY" and the darkness "NIGHT." This was the first day. God saw what He had made and said IT WAS GOOD.

On the second day God spoke and separated the water and the SKY.

God said, "Let the waters under the sky be in one place and let the DRY LAND appear. God call the dry land EARTH. God called the place where the water was gathered the "sea." God looked and saw that what He had made was good. Then on the same day, God said, "Let the earth produce SEED-BEARING plants and FRUIT trees to make more just like them." This was the third day.

Then God said, "Let there be lights in the sky. The lights will help people know the days, years and seasons." God made the SUN TO SHINE during the day and the MOON TO SHINE at night. He also made the STARS and placed them in the sky. God looked and saw what He had made and said, "it is good." This was the fourth day.

Then God said, "Let living creatures swim in the waters and BIRDS fly above the earth in the sky." So God created large and small sea creatures to swim in the waters. God also created all the different kinds of birds. God saw all He had made and it was good. God blessed these creatures and said to multiply. This was the fifth day.

Then God said, "Let the earth produce ANIMALS and insects. God made INSECTS, tame animals and wild animals. God then created something special. God made a HUMAN BEING according to OUR LIKENESS. "The human will be the most important on the earth. He will rule over the FISH OF THE SEA, birds of the sky, animals and all the creatures of the earth." He made man and woman. God made PLANTS and fruit TREES for their food. They were to take care of God's CREATION. This was the sixth day. Man was made to WORSHIP GOD.
